About Me

I am a skilled Web Developer with hands-on experience in building responsive, user-centric applications using React, Next JS, Node.js, HTML, CSS and also experienced in Graphic Design, Digital Marketing and modern UI/UX & AI tools along with Modern AI Technologies. I enjoy creating clean, efficient digital solutions and continuously improving my abilities across full-stack development, Digital Marketing, Graphic Design and mobile app technologies.

Skills

- Next Js, React Js, Node Js
- Tail Wind CSS, Firebase
- HTML, CSS, Java Script
- Graphic Designing
- SEO
- Digital Marketing
- Video Editing
- BASIC: Python, DBMS, Mongo DB

Education

- **Master of Computer Science**
PB Siddhartha College of Arts and Science, Vijayawada 2022 - 2024
Completed my MSc in Computer Science with a strong focus on modern web development, gaining advanced skills in building efficient, scalable, and user-friendly applications.
- **Bachelor of Science - MECS**
Sir C R Reddy College, Eluru 2019 - 2022
Graduated with a BSc in Computer Science, developing strong fundamentals in coding, databases, and essential web development technologies.

Experience

- **Full Stack Web Developer**
Snap U Media - Vijayawada 2024 - Present
Working as a Full Stack Web Developer, building dynamic and responsive applications using Next.js, Node.js, and Tailwind CSS. Developed scalable APIs, optimized frontend performance, SEO and created clean, reusable UI components for modern web interfaces. Collaborated across the full development cycle to deliver efficient, user-focused solutions.
- **Web Developer (Internship)**
Pragmatiq Systems - Hyderabad 2023
Completed a Web Development internship where I worked on full-stack applications using React.js, Node.js, and MongoDB. Gained practical experience in building responsive UIs, creating REST APIs, and managing database operations. This internship strengthened my problem-solving skills and improved my ability to deliver functional, real-world web solutions.
- **Android Developer (Internship)**
Pragmatiq Systems - Hyderabad 2023
Completed a basic Mobile App Development internship focused on Flutter. Learned fundamental concepts of building mobile UIs, managing simple state, and creating basic app functionalities. This experience helped me understand the core workflow of developing and testing mobile applications.

Projects

- **Photography Website**
- **BidBay - Web Application**
- **YouFind - Mobile Application**
- **Dental Clinic Website**
- **Elite Sports Website**
- **Flyers Designings**
